- NAVIGON MyRoutes
- Reality View Pro
- Lane Assistant Pro
- Speed Assistant
- Safety Camera
- Text-to-Speech
- NAVIGON Live Services (Weather Live, Traffic Live & Google Local Search)
- NAVIGON Reality Scanner

Lane Assistant Pro

helps you to make your way through even the most hectic traffic situations. It provides you with a clear look ahead, showing you whether you need to change lanes for this turn and the next.

Reality View Pro

shows roads not as lines, but realistically, with asphalt and road markings. This makes it easier for you to maintain an overview of motorway junctions and exits.

NAVIGON Reality Scanner

The new kind of POI search and the easiest way of finding special destinations in the immediate neighbourhood. Just select your map view and point your phone in the direction you want information for. Thanks to the combination of camera and integrated compass, the display then shows restaurants, hotels, filling stations, etc. close to your position.

NAVIGON MyRoutes

Whatever kind of driver you are, NAVIGON MyRoutes recommends the best route every time – adapted to your personal driving style, the day of the week and the time of day. In addition, your NAVIGON also displays up to two further possible routes, providing a clear overview. You decide whether you follow the recommended route or take one of the alternatives.

Safety Camera

provides you with prompt audio and visual warnings when you are approaching permanently installed speed cameras.

Live Services (Weather Live, Traffic Live & Google Local Search)

Traffic Live provides you with the latest traffic information in real time. Thanks to Google Local Search and lots of other handy applications, you will find your way around any unfamiliar city like a local.

Map material for Europe

Maps of:

Albania, Andorra, Austria, Belarus, Belgium, Bosnia and Herzegovina, Bulgaria, Croatia, Czech Republic, Denmark, Estonia, Finland, France, Germany, Gibraltar, Great Britain, Greece, Hungary, Ireland, Isle of Man, Italy, Latvia, Liechtenstein, Lithuania, Luxembourg, Macedonia, Monaco, Montenegro, Netherlands, Norway, Poland, Portugal, Romania, San Marino, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Vatican City.
